Rules of Play:

All rules will be from US Lacrosse for 2021 season, with any modifications we have noted.

Fouls: Games and halves may not end on a defensive penalty set up inside the CSA (major fouls only). Officials are to set up the foul and add 3 seconds to the clock. During the 3 second add on, regular game rules exist, including the potential for another defensive foul, passes, a shot or goal.

Carding: Yellow carded players must leave the field for 2 minutes without a sub. A player who receives a second yellow card will be suspended for the remainder of that game but can participate in the next game.

Alternate Possession: Team with light colored uniform will get first alternating possession for each game, at officials' discretion.
